

	Quality Management System - UNI EN ISO 9001:2015	
	Annex 1 QMS - QUALITY POLICY	Rev. 1 Date 01/02/2019

OL.MI. Srl designs, produces and markets innovative products characterized by their quality and durability alongside build technology.

The design planning, the care of the prototyping phases, the laboratory testing and the internal quality control all guarantee the reliability and durability of products intended for big companies and distributors both domestic and global.

The fundamental aim is to establish a close relationship with core customers to understand their needs, solve their problems, and recommend solutions to optimize products so that they are of the highest quality and reliability.

Management has decided to adopt a UNI EN ISO 9001: 2015 Quality System, making suitable human, instrumental and economic resources available to, as primary objective, pursue in addition to mandatory requirements, the satisfaction of all requirements relating to the service requested by the customer for the improvement of process quality, and the related satisfaction of customers and all interested parties.

This Policy is intended to be the reference framework for comparing and periodically reviewing the objectives aimed at the system's continual improvement and which allows the company to:

- Provide objective evidence to its clients of a Quality material to the service offered, identifying their needs in time, and providing quick and effective responses;
- Plan processes based on risk assessment analysis, checked periodically.
- Ensure quality control across the overall process
- Constantly improve process efficiency level
- Ensure compliance with current legislation on environmental issues and OSH risks, as well as all other regulations applicable to the company's business;
- Guarantee the fulfilment of the necessary requirements and the continuous improvement of the effectiveness of its management system, including through the continual training and development of collaborators;
- Guarantee the full and complete satisfaction of the customer, and interested parties generally.

The OLMI Srl quality system is in line with the requirements of ISO 9001:2015
