OLMIPAR: THE NEW-GENERATION OF HYDRAULIC HINGES FOR ONE-WAY DOORS.

Engineered to enhance the **elegance of tempered or laminated glass and the durability of MDF wood panel, OLMIPAR** is the new hydraulic hinge combining **cutting-edge design with outstanding performance**.

Featuring an **innovative hydraulic system with an integrated anti-slam function**, OLMIPAR avoids violent opening and closing; the result is a **smooth, controlled movement** that protects your door, ensuring maximum safety in any environment. OLMIPAR is the perfect solution for modern offices, partition walls and wellness areas, like saunas and steam rooms.

Thanks to its -4° preload, it guarantees a flawless closure, even on doors fitted with gaskets.

Choose the perfect detail to make your project unique.

PREMIUM RELIABILITY INTO A REFINED DESIGN

THE VALUE OF MOVEMENT OVER TIME.
